

Giulia Saetta

Strategic Product & Service Designer

MSc in Service Design • 5+ years experience

I connect research, strategy and experience design to shape clear, useful and viable digital products and services. With an MSc in Service Design and experience across B2G, GovTech and digital environments, I translate user and stakeholder needs into product direction, service concepts and practical design solutions.

CORE SKILLS

- **Product & service strategy**
  Product discovery / Opportunity framing / Service design / Stakeholder alignment / Workshop facilitation / Product roadmaps / KPIs tracking
- **Experience design**
  Information architecture / Wireframing / Prototyping · Interaction design / Design systems / Service blueprints
- **Research & insight**
  User research / Interviews / Usability testing / Journey mapping / Personas / UX metrics / Data-informed design
- **Collaboration & delivery**
  Creating narratives gile ways of working / Cross-functional collaboration / Product documentation / AI-supported workflows

TOOLS

Design & prototyping	Figma, Sketch, Framer, InVision, Maze, FigJam, Miro, Mural, Claude
Research & deliver	Matomo, Jira, Confluence, Notion, Slack, GitHub
Visual & multimedia	Photoshop, Illustrator, After Effects, Premiere Pro, InDesign, Final Cut Pro
Technical foundations	HTML, CSS, JavaScript

Professional experience

UX Designer | BABLE - Smart Cities

Jul 2025 - Present, Barcelona

Contribute to the evolution of digital products and services for Smart City and B2G environments. Work across UX, product and service strategy, translating complex stakeholder needs into clearer platform experiences and actionable design opportunities. Collaborate with cities, municipalities and cross-functional teams; use product analytics (Matomo) to inform decisions, and develop workflows, prototypes and AI-supported ways of working.

Giulia Saetta

Experience, capabilities & education

UX Consultant | Dentsu - CUPRA

Jan 2025 - Present, Barcelona

Collaborate with cross-functional teams on digital experiences for CUPRA. Conduct user research and interviews across markets, synthesize findings into actionable insights, and translate them into wireframes and prototypes. Contribute to design-system refinement and experience improvements through a research-informed approach.

AI Prompt Consultant | Outlier

Apr 2025 - Present, Barcelona

Review, analyse and validate AI-generated content, with a focus on ChatGPT and Gemini. Apply structured evaluation and clear feedback to improve response quality.

UX/UI Designer | PRE:MIND

Apr 2022 - Aug 2024, Barcelona

Led the visual identity redesign and applied the brand consistently across digital touchpoints. Designed the UX/UI of a new app, from research and wireframing to prototyping in collaboration with developers. Also supported B2B growth initiatives with startups and improved email communication design.

Digital Content Strategist | Koko

Sep 2021 - Apr 2022, Sicily

Developed content strategies for social media and blogs to strengthen brand visibility and communicate consistently with audiences.

Web Experience Designer | Pollini Home Srl

Jan 2021 - Jul 2021, Bologna

Translated initial wireframes into a user-friendly web experience, refining interface layouts and navigation to support

Multimedia Artist & Visual Storyteller | Freelance

2015 - Present, Italy/Spain

Created multimedia content for more than 30 exhibitions, events and actor portfolios, combining photography, video and visual storytelling.
